RESOLUTION.—The Governor General in Council observes that it is an important rule of the Account Department that the Treasurer's and Accountant's Balance Sheets should be worked out independently of each other and should be brought together and verified by the Treasury Officer himself. For the purposes of this check, and also because it is expedient that he should know the balance of the day before he leaves office, the Treasury Officer should not postpone the duty of signing the Treasurer's statement to the next morning. The Treasurer's statement can be ready within a very short time after the close of the cash transactions. The comparison of this statement with the Accountant's Balance, the preparation of which takes more time, may be made on the following morning.

ORDERED, that this Resolution be communicated to the several Local Governments and Administrations, to the Comptroller General, to the several Accountants General, and to the several Deputy Accountants General in independent charge.

REGISTRATION DEPARTMENT.

NOTIFICATION.

To—The Registering Officers in Mysore, dated 8th July 1880.

Doubts having arisen as to the competency of Registering Officers in Mysore to attest powers of attorney which are required to be produced for registration purposes in British India, the Inspector General of Registration, under orders of the Chief Commissioner of Mysore, has the honor to point out that such powers of attorney should only be attested agreeably to Clause C. of Section 33 of Registration Act III of 1877, that is by a Judge or Sub-Judge, a Magistrate or an Amildar of a Taluk vested with Subordinate Magisterial powers. Registrars and Sub-Registrars in Mysore are therefore prohibited hereafter from attesting *as such*, powers of attorney of the kind referred to.
